Mrs. Emma Hutton and her sister, Miss Lillian Byers, charged with the murder of their brother, Emmanuel Byers, in a hay field north of Sterling in the afternoon of Thursday, July 9, were released from the custody of the sheriff of Cook or Whiteside county late Wednesday afternoon by Judge Adol J. Petit of the Cook county criminal court.

Bonds Placed at \$10,000.

After ruling earlier in the afternoon that he had jurisdiction in the case, that he would take a "broad view of the matter," and that the prosecuting officials had not shown that the two women had even been formally arraigned before Judge Ramsay of the Whiteside county circuit court on the question of admitting them to bail, the Cook county jurist at 4 o'clock started taking evidence showing that murder is a bailable and mitigating circumstance which the defense might show. At the conclusion of the evidence he held that the women should be released on bonds, and despite the protests of States Attorney J. J. Ludens and his assistant, Walter Stager, that the bonds should not be less than \$40,000 for each woman, the judge placed the bail at \$10,000 in each instance.

It is of no small importance that Dixon should be included as one of these councils as there are about 65 traveling men who make their residence in this city, while there are al-

WARRENT ISSUED FOR JOS. SPITZER ABANDONED WIFE

Young Fellow Said To Left
Wife In Straightened
Circumstances

A sad case of wife abandonment in which the woman was left in straightened circumstances financially and in very delicate condition physically, has been brought to the attention of the local authorities. As a result a determined search is being made for Joseph Spitzer, who left his wife here about a month ago. A warrant has been issued by Justice Hill charging him with wife abandonment. Spitzer is thought by the police to be in California.

Spitzer came here several years ago and was married about a year ago. Last spring, in partnership with Dan Wolfe, he built a store building at the cement works and put in a stock of goods, but the building and stock was totally destroyed by fire about one month after they had opened for business. He remained around here until about a month ago, when he left on a supposed business trip and never returned.

FRIENDS HONOR DR. HUNT AT BANQUET

VETERAN PHYSICIAN IS PRAISED
BY HIS FRIENDS AT BANQUET
HERE LAST EVENING.

About forty members of the Lee County Medical Association, physicians from nearby counties and local friends of Doctor Charles Cummins Hunt, enjoyed a banquet at the Nachusa Tavern last evening in honor of the veteran physician who is rounding out a half century of highly useful practice in his chosen profession. The gentleman sat down at the big banquet table at about eight-thirty o'clock and after enjoying a delicious meal, listened until after midnight to the toasts and tributes to the guest of honor by the assembled friends.

Dr. A. F. Moore, president of the Lee County Medical Association, introduced the toastmaster for the evening, Dr. Wm. O. Ensign of Rutland, Ill. Dr. Rutland presided over the ceremonies of the evening in a graceful and entertaining manner. He called upon a long list of gentlemen present and each responded with a few words expressing their love and admiration and in fact the love and

Paris newspapers declare that when the Germans were defeated at Arras they last between 12,000 and 15,000 men who were surrounded by the French in the marshes.

ALLIES DEFEATED.

The German occupation of Bruges, fifteen miles east of Ostend, is confirmed by an English correspondent, who says the allies east of Ghent have been defeated and that one brigade, which had lost its way was ambushed and suffered heavily. The government reports the landing of further detachments of Canadian troops.

The war fever in Italy is reported to be subsiding.

TAKEN TWELVE TIMES.

The fierceness of the fighting in France is shown by the fact that Roye, which is now in possession of the allies has been taken and retaken twelve times.

CONCERNING ADS.

George Prescott is another of the many people of this vicinity who realize that the Telegraph is "the" paper in which to advertise if one wishes results. In Wednesday evening's issue of the Telegraph Mr. Prescott advertised a stove for sale, and before he went to bed last night he had received fifteen inquiries about the stove. Consequently he begged that the ad be taken out today.

SAYS SHERMAN WAS OF BIG AID TO LABOR

S. J. DREW ASSERTS SENATOR
BOOSTER OF UNION LEGISLATION IN STATE.

IS RIGHT WITH MINERS

Action Grew Out of Some Troubles
In Coal Fields of Southern Illinois.

Former State Representative Samuel J. Drew of Joliet, who handled the labor legislation in the house at Springfield when Lawrence Y. Sherman was speaker, yesterday issued a statement dealing with the legislation for coal miners which was passed with the aid of Mr. Sherman.

Mr. Drew asserts that the then Speaker Sherman, more than any other man, was responsible for the passage of the so-called "Tanner act" which forbids the importation of strike breakers into Illinois.

The act grew out of the coal miners' troubles in the southern Illinois coal fields a short time before. Drew was chairman of the house committee that handled the labor bills, himself having been a coal miner for many years.

What Drew Says.

In "placing Sherman right with the coal miners" of the state, Mr. Drew, who drafted the bill in the aid of the coal miners, says in his formal statement:

"The man who did more than any other to pass that bill was Lawrence Y. Sherman, then speaker of the house of representatives. He recognized me at any and all times for this bill and on all other labor matters.

CIRCUS IS HERE READY FOR BIG SHOW TONIGHT

FINAL REHEARSAL LAST NIGHT
PROMISES ENTERTAINING
PERFORMANCES.

CURTAIN AT 8 O'CLOCK SHARP
It is imperative that the Production Start At That Hour—Rule is Absolute.

Promptly at 8 o'clock this evening Dixon people will be given their first sight of the one thing for which they have been waiting for weeks, the opening of the production of the Society Circus and Hippodrome, which will be on the boards at the Opera House in this city this and tomorrow evenings for the benefit of the Katherine Shaw Bethea hospital.

Everything is in readiness for the big event. The final dress rehearsal was held last evening and those who were privileged to see the last "work-out" of performers and animals predicted an evening of complete entertainment for those who attend.

The seat sale has been large, and inasmuch as the object is a most worthy one it is safe to predict that the opera house will be filled to capacity both evenings and that the hospital will profit materially from the entertainments.

The attention of patrons is called to the hour of the curtain, 8 o'clock, and those in charge state that this is absolute. It is imperative that the performances commence at 8 o'clock on each evening and there will be no deviation from the rule which has been established.

TOTALLY UNPREPARED.

(Associated Press.)
Washington, D. C., Oct. 15.—Representative Gardner of Massachusetts who recently returned from the war zone in Europe, today introduced a resolution in the House for an inquiry into the preparedness of the United States for war offensive or defensive. He said the United States is totally unprepared.

"I am convinced," he added, "that the German cause is unholy and that the God of Battles will visit defeat upon the Germans."

MOTION PICTURE DRAMA OF DIXON IS PROMISED NOW

Photo-Play Acted By Local
People Amid Local
Scenes Coming

A motion picture, with a Dixon plot and presented by Dixon actors is now promised. Mr. William McGee, representing the Zenith Motion Picture Co., of Chicago has been here for several days making preliminary arrangements for the preparation of the photo drama of the city. The scenes are to be laid in the streets, stores, factories and other points of interest in Dixon and the actors will all be local people. A prize of a season ticket to the Dixon Opera House will be given to the Dixon person who submits the best story for this picture, and voting contest for leading lady and leading man will be started.

The picture will be shown at the Dixon Opera House, when completed and it will then be sent to other cities throughout the country for production showing the advantages of Dixon as a business and residence city. The reels will then be returned and presented to the Citizens' Association to remain (the property of) the city. In the meantime the Zenith Motion Picture Co. will present pictures at the Opera House, of other cities made by them to give an idea of what is to be done in Dixon. There is no doubt the production of a Dixon photo drama will attract much attention.

RAILROADS MAY CARRY GIFTS FREE

MOVEMENT FOR
EUROPE.

(Associated Press.)
Washington, D. C., Oct. 15.—The American railroads may transport free of charge, if they so desire, gifts by the children of the United States for presentation on Christmas day to the children who will have been made orphans by the European war. This ruling has been made by the Interstate Commerce Commission in connection with plans of many American newspapers to send a "Christmas ship" abroad. The law, says the commission, contains nothing to prevent the carriage of property free of or at reduced rates for charitable purposes.

SCHOOL TUITION LAW, SUBJECT OF MANY ATTACKS, HAS BEEN HELD TO BE VALID

Judge Norman L. Jones handed down an important decision in the Morgan county circuit court at Jacksonville Monday afternoon. It was in regard to the validity of the high school tuition law which provides that school districts shall pay the tuition of pupils attending high schools, provided no high schools are maintained in the district where the pupils reside. This law was held to be valid. The judge in his decision held that

LEE COUNTY IS VERY PROBABLE SCENE OF TRIAL

ATTORNEYS FOR BYERS SISTERS
CONFIDENT OF CHANGE
OF VENUE.

RAMSAY SAYS HE IS THROUGH

Declares He Will Not Hear the Case
Even if It Is Heard in
Whiteside County.

That Mrs. Emma Hutton and her sister, Miss Lillian Byers, who were yesterday released from custody by Judge Petit of Chicago under bonds of \$10,000 each, will be tried in Lee county for the murder of their brother, Emmanuel Byers, on July 9 last, seems more probable today than at any time since the coup of the defense in securing a writ of habeas corpus in the Cook county criminal court gave the case such widespread notoriety.

Ramsay Quoted.

Judge Frank D. Ramsay, the Whiteside county circuit judge who refused to allow the women bail, is quoted as saying that if the case is tried in Whiteside county he will call in another judge.

However, it is evident that the defense will make a determined effort to secure a change of venue to some other county; and it is rumored that they are prepared to go into court at Morrison on Nov. 4, the date set for the beginning of the trial, with numerous affidavits from all parts of Whiteside county to the effect that the defendants can not secure a fair and impartial trial in that county.

Up To Judge.

Should these affidavits, if they materialize, prove of such number and strength as to convince Judge Ramsay that opinions on the case are too deep-seated and numerous in Whiteside county to permit of securing an impartial jury, he can at his discretion order the case tried in some other county.

There is no rule of law compelling the judge, in case of a change of venue, to send it to the nearest county, but it is argued that Lee county is likely to be chosen from a standpoint of economy and convenience.

Practically all of the parties concerned, attorneys and witnesses, are residents of Sterling or vicinity, and the trial of the case in Dixon would permit the transportation of all to the court at less expense and less inconvenience than if the trial were conducted at Morrison. To take the case to Rock Island, Princeton, Freeport, Ottawa or Oregon would entail great expense and discomfort on attorneys and witnesses for state and defense alike, therefore Dixon is looked upon as the most probable battle ground.

"Not in Whiteside"

Judge H. C. Ward of Sterling, chief of counsel for the two sisters, was interviewed by a Telegraph reporter on Wednesday night upon his return from Chicago, where he and his associate, Attorney Charles E. Erbsstein, won a signal victory in securing the release of the two women on bail, and in response to an inquiry as to the possible scene of the trial he replied: "Well, I can't tell you where it will be, but it is almost a cinch it won't be in Whiteside county."

From which answer the deduction may be drawn that the attorneys for the defense feel secure in their attitude that a change of venue will result, and that Lee county's circuit court room may very likely be the battle ground for the life and liberty of the two women who claim to have killed their brother in self-defense.

districts that were not levying taxes up to the limit should pay all tuition as provided by law until such limit was reached. In effect the decision holds that the expenses of carrying on the district school must take precedence over the paying of tuition of high school pupils, but that after such expenses are met, the balance of the taxes which the district is permitted to levy under the law shall be used to pay such tuition under the provisions of the law in question.

A POOR EXCUSE IS BETTER THAN NONE

MANAGEMENT OF THE STERLING WEST ENDS DEMONSTRATES BELIEF IN AXIOM.

Again the manager of the Sterling West Ends has called off the game between that team and the Brunswicks, which have been played here Sunday afternoon. The disbanding of the Sterling team was given as his excuse.

The sixth game of the series was to have been played last Sunday and as Sunday drew near, the West Ends' manager began to wonder what he could give as an excuse for calling off the game. Suddenly an idea came to him and he tore down the street to tell the members of his team that he had thought of an excuse and that the Cubs-Sox series was it.

Then he telephoned Manager Valle of the Brunswicks that the members of his team did not want to play but wanted to see the Cubs and Sox play at Chicago, and called the game off.

A game was then arranged to be played this Sunday and members of the local team were planning for the game, when the Sterling manager got another idea. "We have disbandled and want that game called off." This is the second excuse and the final one, as there will be no more games arranged with the Sterling aggregation this season.

ROCHELLE VS DIXON SATURDAY AFTERNOON

ATHLETIC PARK WILL BE SCENE OF INTERESTING FOOT BALL CONTEST.

Dixon Union and Rochelle high school foot ball teams will meet at the old Athletic park in this city on next Saturday afternoon in the second home game of the Dixon team's schedule and the game should be one of the interesting of the season. While the Rochelle team is heavier than the local aggregation, the speed which the Dixon lads have shown in their games gives their supporters great encouragement and there is no doubt they will give a fine account of themselves in the coming contest.

DENIES CONVICTS AID DRYS

Joliet Chaplain Declares Prison Inmates Signed No Petition.

Joliet, Ill., Oct. 15.—Chaplain A. H. Patrick of the Joliet penitentiary issued a statement denying that he had circulated a "dry" petition among the inmates of the penitentiary and branding as false the report that he proposed to obtain such a petition for presentation before the general assembly in Springfield as an argument against the sale of liquor.

"I gave the men advice against the use of liquor as a part of the Sunday morning service, but that is as far as I went," said Chaplain Patrick. "There was a rising vote of the thousand or more men present and a large majority agreed on the evil effects of liquor habit. But no petition was circulated and none will be."

DEMENTTOWN DOINGS

For some time—yea and verily for several months—the key pounder who formerly perpetrated some of the near-funny things that appeared under this heading has been entreated to again resume the responsible duties of engineering a colyum every day.

Having passed through several years of such endeavor, during which time we narrowly missed instant death fourteen times, a term in the hospital 1400 times and personally and gracefully took 14,000,000 "tails" we were extremely shy about resuming a position of such honor.

Imagine then the trepidation that possessed us when we were informed by our boss that cold winter was coming on, the people demanded something to amuse them, that they had a lot of fun laughing at our attempts to be humorous—and that, therefore, it behooved us to get busy.

Consequently, impatient reader, we are again wid youse.

And trusting that our come-back will prove more successful than that attempted by the Philadelphia Athletics, Hon. James Jeffries, Theodore Roosevelt and a lot of lesser lights we will proceed to the painful duty of being funny.

Speaking of come backs: We are reminded that when Mr. Raymond Robins—know of him?—was here a short time ago he avowed with tremendous and fitting emphasis that he was not a candidate for any office nor would he accept the nomination for any position. But when he "came back" this week he's after the finest thing the people of the State of Illinois have to give away—and he admits it.

We note by a fashion paper that we picked up on a lady's table—ours (meaning lady)—that hips are to be taboored this winter. Naturally one wonders if a fellow can't use a hip or two in connection with a few hurrahs.

Because, being of sound Republican faith, we have a strong hunch we'll want to use a few such expressions along about 8:30 p. m. Tuesday, Nov. 3.

We have been promised a lot of help. E. F. C. and P. A. L. offer to shoot us a hot one every once in awhile, so look out for some real humor.

When the idea possessed us that for once we'd better do something to please our boss—meaning by starting this column—we wrote to one of our most faithful friends, and he's come across. We re-engaged our Goose Hollow correspondent, and he says if we'll keep him in paper and pencils, stamps and envelopes and buy him a bottle of pop or a seegar every time he comes to Dixon—which we hope won't be oftener than once or twice a month—he'll report every bit of excitement that transpires there. Witness:

Goose Hollow Letter:
Old Anse Frisby sez as how the location of the patches on a feller's pants is a pretty good indication of what line of commerce he's in.

Some folks from Dixon, name of Jones, hez bought the old Tubbs farm and they air goin' to fix it up fer a summer hum. Nobody in these here parts would buy the durned place because it's haunted with old Anse Tubbs father's ghost. There hain't no news round here yet, but by jinks there'll be when old Tubbs' ghost gets busy.

Postmaster Josephus Winkle—he's Wilson's new appointee—sez as how

since the postal card craze has dropped off time hangs kinder heavy on his hands. If it wasn't for the Dixon paper that comes to Anse Frisby, our prosperous banker, also lumber, fuel, lime, hardware and general store, and oatmobile agency, onct a week, he wouldn't have no readin' matter at all to speak of.

Since the world's serious is over we hain't got much to talk about any more out here. If it hadn't been corn shuckin' time I reckon some of the boys would have gone down to Phildelfia and Bosting to see the games.

BIG LEAGUERS ARE FLOCKING TO FEDS

McGraw and Mack Have Lost Stars, Is Report.

Chicago, Oct. 15.—There is more talk of Federal league raids. And this time rumor has it that John McGraw's New York Giants will be raided. Jeff Tesreau, George Burns and Arthur Fletcher, according to the rumor, will appear no more at the Polo grounds. The owners of the Brooklyn Federal league club are said to have made the above mentioned trio of Giants a wonderful offer and the trio signed the papers and now they belong to the Brooklyn team instead of the Giants.

Go Konechty will appear with the Pittsburgh Feds and it is said that certain members of the Phillies are now flirting with the new league.

Philadelphia, Pa., Oct. 15.—That fourteen of the Athletics, headed by Harry Davis, had signed to play the Indianapolis Feds if they won the pennant is rumored here.

Pittsburgh, Pa., Oct. 14.—It is reported here on good authority that Helne Groh, the Cincinnati second baseman, has signed to play with the Brooklyn Federals.

Mrs. Reidmann Again Writes of Troubled Germany

Continued from Wednesday's Daily, September 24

On the right wing in France on the Oise the battle is still undecided. The French tried in vain to get around our wing. Further east, as far as the forest of the Algonnen no battles of account have been fought. We took Varennes. This is a fort 18 km. west of Verdun. The attack is progressing. We drove back the French who attacked us from Verdun and Toul taking prisoners, machine guns and guns.

The heavy artillery opened fire on Troyon and La Paroches. The Des Romains and Lyonville with apparently good results. Our submarine U 9 returned safely to Germany. This has depressed the English terribly, who think that five submarines did the damage. What will they think when they know that three cruisers were sunk by a single submarine? The English papers ask that the first Seaford should retire, while others even demand all ministers to retire. All the men of the U 9 have been given the Iron Cross second class and the captain the Iron Cross first and second class. The English are behaving in their usual treacherous way toward the Dutch. First they captured ships going to Rotterdam themselves but when it became too conspicuous that they violated every international law they instigated the French to go on with the work hoping to force Holland to declare war against Sumatra. Italy seems at last to have made up her mind to remain neutral and not to declare war against Austria. Erwin's letter of yesterday tells us that in a horrible battle against Senegal Indians out of Central Africa, also Zuaves from Northern Africa they took 400 Indians prisoners and several hundred English prisoners. Our gardener Sitzstock of the Ratzeburg sharp shooters said from his battalion of 1000 men but 200 are alive. The rest were killed in one battle. This report is confirmed by Cornells' son of Barsbuttel. The loss of lives must be terrible in the west. 1200 wounded arrived today; more come

tomorrow. All hospitals are to be filled first, then the private houses.

September 25
The small cruiser Emben, which has done for over 20 million marks damage in the Gulf of Bengal, bombarded Madras and destroyed the big oil tanks there. The situation of the armies east and west is unchanged. Spent best part of day with my girls knitting. The English have stopped all export of English newspapers.

September 26

We have taken St. Mihiel, the first fort at Verdun, 40 km. south of Verdun. It was considered by the French so strong that it would be impossible to storm it. Tonio and I went up with Dr. Urban to see the Red Cross lazaret train which had been fitted up in a week's time under the supervision of the Hamburg-American Line. It will accommodate 300 wounded it is wonderful in such a short time to have arranged everything so perfectly. There is every comfort possible for the poor wounded souls who are to occupy it. Several gentlemen friends go with the train to the front to see that every comfort and care is given to the unfortunate soldiers who are being transported. I went to the hospital to visit the wounded. Most of the patients are doing well. One poor French officer who was only slightly wounded had just died of the lock jaw. The sister who was with him to the last said he was a nice pious fellow and very thankful for the kindness shown him. The priest was also with him until the last and will testify his relations through the Spanish Embassy in Berlin. The young ladies who have been taking a course in nursing were examined by Dr. Urban and it was interesting to hear what a lot they had learned in a short time. They had to put on different kinds of bandages which they did very well. My auto went with Dr. Urban to the station. Over 300 wounded arrived in Hamburg by a train at 2 o'clock and another 200 came at 5 o'clock. The hospitals are nearly filled up. So next week I expect to have

This morning papers bring the news that all forts south of Verdun are silenced, and this probably means that we can force the Maas and in this way attack the French from the rear. On the right wing of our army the battle is still raging undecided. The English acknowledge that they have lost 1100 officers, dead, wounded and taken prisoners. This means 40 per cent of the officers being with the English army. Everybody is suffering great anxiety, waiting for good news as to how the battle in the west is going to end. It means so much for the speedy ending of the war.

Warren - Pratt.

On Saturday afternoon, Oct. 10, at four o'clock occurred the charming home wedding of Miss Helen Harriet Pratt, daughter of Mr. and Mrs. Wilbur A. Pratt and Mr. George Edward Warren, eldest son of Mr. and Mrs. James A. Warren. The wedding was one of the most delightful and happy affairs Paw Paw has ever witnessed and the decorations in autumnal hues showed the predominating color in a wealth of yellow chrysanthemums and dahlias, illuminated softly with yellow shaded lights.

The bride and groom received their guests informally upon their arrival, in line with Mr. and Mrs. Pratt and Mr. and Mrs. Warren. Shortly before the appointed hour, Mrs. Dan Faber of Ames, Iowa, sang "Beloved, It Is Morn," accompanied by Mrs. Ella Swarthout of Dixon. Dr. Matthews of Chicago in the presence of sixty guests united the beloved couple in marriage, using the ring ceremony. After the bride and groom had received the felicitations of their friends, a well appointed wedding supper was served.

The bridal couple went directly to Chicago where they spent a day before going to their home in Baltimore, where the groom is making great success as a civil engineer.

The out of town guests were Judge and Mrs. David Dale of Wichita, Kansas, Mr. and Mrs. Berry and daughter L. C. of Austin, Mrs. D. Faber of Ames, Iowa, Messrs. Quickest, Surest Cough Remedy is Home- Made

Easily Prepared in a Few Minutes. Cheap but Unequaled

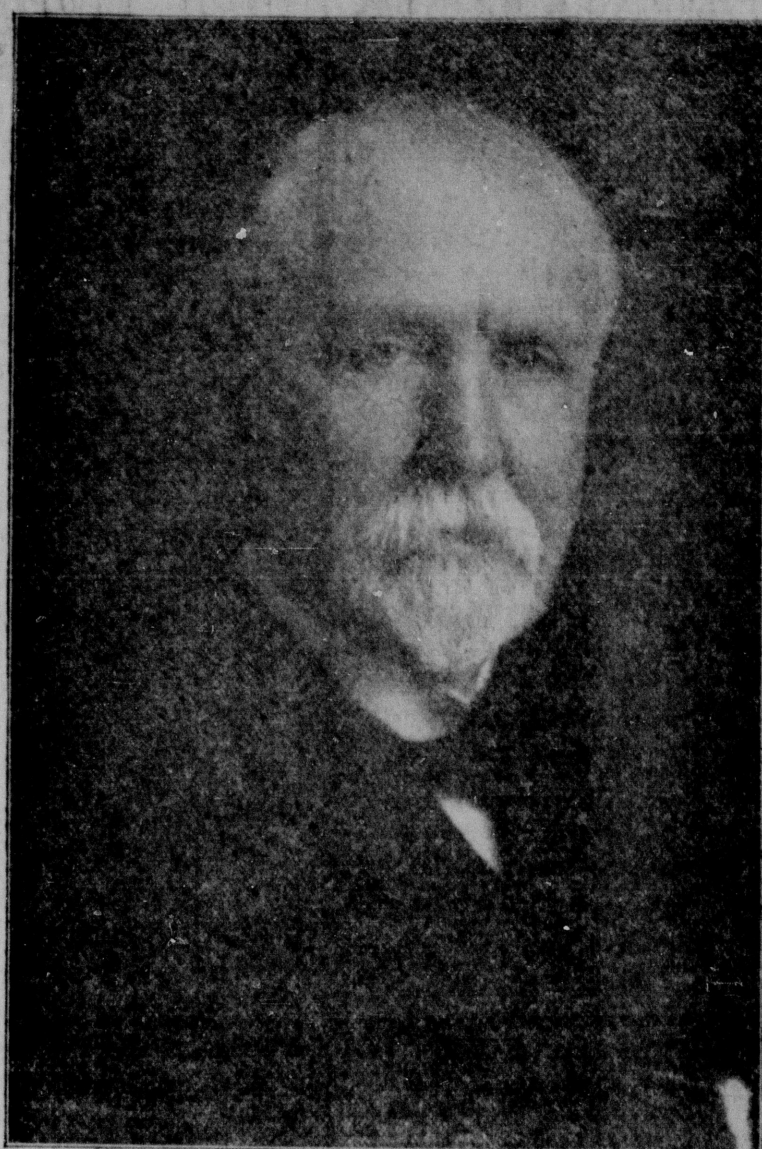

Some people are constantly annoyed from one year's end to the other with a persistent bronchial cough, which is wholly unnecessary. Here is a home-made remedy that gets right at the cause and will make you wonder what became of it. Get 2½ ounces Pinex (50 cents worth) from any druggist, pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking it at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether, thus ending a cough that you never thought would end. It also loosens the dry, hoarse or tight cough and heals the inflammation in a painful cough with remarkable rapidity. Ordinary coughs are conquered by it in 24 hours or less. Nothing better for bronchitis, winter coughs and bronchial asthma.

This Pinex and Sugar Syrup mixture makes a full pint—enough to last a family a long time—at a cost of only 54 cents. Keeps perfectly and tastes pleasant. Easily prepared. Full directions with Pinex.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in quaiacol, and is famous the world over for its ease, certainty and promptness in overcoming bad coughs, chest and throat colds.

Get the genuine. Ask your druggist for "2½ ounces Pinex," and do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Who was Banqueted Last Evening in Honor of His Fifty Years of Active Practice.

Ideal Clubb.

Mrs. H. L. Fordham at her home on Peoria Avenue was hostess to the members of the Ideal Club at their regular meeting held Wednesday afternoon.

The program was opened with a roll call, each member responding with a quotation carefully prepared by Mrs. L. W. Newcomer in harmony with the subject of the afternoon consideration.

The musical number was provided by Mrs. Blake Grover in a piano selection, being unique in its left hand execution. Following this, the paper on "Balanced Rations," prepared by Mrs. William Wilson, was a strong interpretation of her subject and was highly interesting.

Owing to the unavoidable absence of Mrs. H. W. Leydig, Mrs. L. W. Miller substituted in her stead with current events.

Notwithstanding the unsettled weather conditions, the goodly attendance of members experienced the profit of the afternoon.

Dainty refreshments and the social hour made their usual contribution to the enjoyment of the meeting.

Barkley-Stern.

Miss Ella Barkley of Franklin Grove and Mr. Oscar E. Stern of Arcadia, Nebraska, were quietly married this evening at 5 o'clock at the home of Mr. and Mrs. J. Emory Wolf of Franklin Grove. Rev. D. L. Miller of Mt. Morris united the happy couple in the presence of but a few relatives and friends. They were attended by Miss Cora Barkley, sister of the bride and Mr. Leonard Matter of Mt. Morris, chum of the groom. The bride was beautiful in her gown of white crepe voile and carried a huge bouquet of bride's roses.

Following the ceremony a wedding supper will be served at the Wolf home, which is very prettily decorated in fall flowers and greenery. Following the supper Mr. and Mrs. Stern left for Chicago where they will spend their honeymoon. They will make their future home in Arcadia, Neb.

Mrs. Stern is the daughter of Mr. Morris college the past two years and it was there the happy couple met each other. Mr. Stern has many friends both in Mt. Morris and Franklin Grove and they now are showering him with congratulations.

REINDS HONOR DR. HUNT WITH BANQUET

admiration that the entire community cherishes for the man who has been a citizen among us for so many years and who has not only been a splendid physician and a great aid and blessing to those who have required scientific aid for the troubles of the flesh; but has been, as was ably set forth by those who spoke of him last evening, always a man, and also for his beloved wife, Mrs. Lucy Webster Hunt.

Dr. and Mrs. Hunt have gone to the Pacific Coast to live with their children, but they still retain their residence in Dixon and call Dixon their home, for here is where they have spent the greater part of their happy lives and here is where their friends, of long and close relationship, live.

Among those who were called upon to speak to the assemblage were: J. C. Ayres, O. B. Dodge, C. H. Noble, C. J. Rosbrook, L. W. Mitchell, Dr. Stevens, E. C. Parsons, Atty. Clyde Smith, Chas. Todd, Thomas Young, Sam Bacharach, W. C. Durkes, Dr. Cook of Mendota, Dr. Maxwell and Dr. Wahl of Sterling, Dr. Lehman, Dr. Murphy, Dr. Powell, Dr. Bokhof, Dr. Owens, Frank Stevens, E. W. Smith and Rev. A. B. Whitcombe. There were other names on the program, but the hour became so late, as the toastmaster explained, it became necessary to curtail the list of speakers.

About Bed Comforts, and a few reasons why the Celebrated "Maish" Comforts are the most practical to buy.

Maish Comforts are made of the very finest downy stock, clean and sanitary, with layer upon layer of pure white downy cotton laid crosswise upon each other, this is called Laminated, this cotton is all long stock, no short pieces are allowed in Maish Comforts because the Tie would not hold if short pieces were used, and Maish are made to last, then the lightness of Maish Comforts keeps you warm and does not tire you out like the inferior heavy comforts do, the covers are beautiful, and of the best wearing materials to be found a wide range of styles, and colors are to be seen here for your selection.

gram, but the hour became so late, as the toastmaster explained, it became necessary to curtail the list of speakers.

Each of the men called upon spoke in words of great admiration and tender regard of Doctor Hunt. Many of the speakers were men past middle life and men who had come to Dixon in the early days at the time or soon after the time when Dr. Hunt came to Dixon from his home in the east. They told interesting reminiscences of the early-day struggles of the country physician and wonderful work he did for the sick. They told of long trips through winter's snow and summer's storm, in darkness and light, across the trackless prairies to the humble homes of pioneers; his untiring efforts as a young man to advance the science of his chosen profession and do the most good for his people; and his great value, as an older man, to the younger men of his profession.

Dr. Hunt is known all over the state as one of the leading doctors in Illinois. Increasing years has made him even more progressive than many of the younger doctors, instead of bringing about the conservatism that might naturally be expected. Highest tributes to his great worth were paid the physician in profusion last night. His friends told him they were sorry to have him go away from Dixon to live, although they appreciated the reason and wished for him great happiness and many new friends in his new home. They told him of the cordial welcome that will always await him in Dixon whenever he may choose to favor his home city with a visit.

The words of one of the physicians struck the keynote to the success that has been Dr. Hunt's in a professional way. He said that the man they were honoring was one of the rare physicians who was more than a cog wheel in the machine of curing and healing. He was an entire machine. Every needed accomplishment was his.

Space is too short to detail the friends who had so honored him.

many beautiful things that were said of Dr. Hunt. It is unnecessary to relate them, for the people of this vicinity know them without being told.

Dr. Charles Cummins Hunt was born in Millersburg, Holmes county, Ohio, Nov. 25th, 1840. He was reared as a boy on the farms in the vicinity of his birthplace and thereby earned enough money for his schooling. He later taught school, but studied medicine at night reading by the light of a soft coal fire in the little school room in the country. He was very poor and it was necessary for him to walk five miles twice a week to recite the week's lessons to the physician in a neighboring town who was tutoring him. Later he purchased the practice of a physician in Nashville, O., and then started the practice of his profession in July, 1863. In 1864 he was commissioned as an army surgeon in the 137th Ohio regiment; later he was transferred to other regiments and posts of great responsibility.

In July, 1867, he located in Dixon, Illinois. His medical education has been the best that could be obtained in this country and in the old world. He has held many positions of trust and honor, among them being that of member of the Board of Pension Examiners and the School Board of the City National Bank of Dixon since its organization; President of the Illinois State Medical Association; delegate to two international congresses, one in this country and one abroad; member of the Military Order of the Loyal Legion, Illinois Commandery. President of the Western Alumni Association of the University of Bellevue Hospital Medical College; member of the Staff of Physicians and Surgeons, Public Hospital in Dixon, and Instructor in Bacteriology and Minute Anatomy in the training school for nurses connected with the hospital.

At the close of the meeting last evening Dr. Hunt was asked to talk and he thanked, with deep emotion, his friends who had so honored him.

SOMETHING HAPPENING.

Something has happened in progressive circles that indicates something else is about to happen. One sentence in the Chicago Tribune's report of the Sherman meeting at Rock Island is noticeably significant. It quoted Senator Sherman as saying: "When the people will stand in the rain to hear our message—I mean the message of the Republican party—as they did today, there must be some reason other than curiosity for sight of a few Republican spell-binders." Something has happened in Rock Island.

With characteristic modesty Senator Sherman attributed the cause to the failure of the Democratic national administration to make good in its revision of the tariff, and the consequent desire of the people to return to the ways of Republican prosperity, but there is something more than that behind it all. Something has happened to Sherman.

To appreciate the incident to its full significance one must be reminded that Sherman was speaking in the heart of the Bull Moose country, where the demand two years ago was to get away from everything that savored of Republican methods.

Two years ago a Republican spell-binder in this part of the state acted upon the populace like a red rag agitating a rampant bull. Now they welcome Sherman in the face of insults heaped upon him by the Chief Bull Moose. Something has happened in the Bull Moose country.

Barely two weeks before, Theodore Roosevelt himself attempted to hold audiences in the state of Illinois and was coldly snubbed by thousands. He went to Springfield during the week of the state fair to address an audience that packed the great state armory. They were comfortably seated in a well lighted and ventilated convention hall. Upon every previous occasion Roosevelt was held a popular idol in Illinois and roused his hearers to the highest pitch of enthusiasm with slight effort. Upon this last occasion nothing he said created any enthusiasm and more than half the audience walked out and left him talking to empty chairs. Something had happened to Roosevelt.

When Roosevelt talked in other western states, and in Indiana and other states east of Illinois, similar reports were heard about his audiences deserting him before his speech was concluded. There was a time when the people could not get enough of Roosevelt. Something has wrought a great change.

When audiences refuse to sit still in comfortable halls and permit Theodore Roosevelt to deliver them to the single-tax Democrat, Raymond Robins, but will stand cheerfully outdoors in the rain to listen to what Lawrence Y. Sherman modestly terms his "message of Republicanism," something has happened which shows how even the Progressives feel toward Sherman at this time.

What is happening day by day in the Bull Moose country when Sherman talks in the rain show what is going to happen on election day when the people assemble to shower their ballots upon the man of their choice. And Sherman himself really thinks it is the message he carries that holds his great audiences.

VOTE FOR EFFICIENCY.

Are the voters of ee county going to vote for competency and ability by putting a cross in the circle at the head of the republican ticket when they go into the polling booths this fall, or will they make the great mistake of voting for some other men who have asked them to help them, just as a favor, and with the idea that their one vote will not make any difference one way or the other? It is a great mistake to miss an opportunity to vote for the welfare of yourself, your families and the people of the community. You owe it to them to help elect to office the men who are best fitted to perform the duties they will fall heir to. The men on the republican ticket, from top to bottom, are pre-eminentlly equipped to give the county, state and nation the very highest degree of service that it is possible to get.

MERITED HONOR TO DR. HUNT.

The banquet given to Dr. C. C. Hunt last night by the Lee County Medical Association and his friends in Dixon must have been very pleasing to the veteran practitioner and certainly was a great pleasure and gratification to his thousands of friends and admirers in this section of the state. It was a fitting and timely demonstration of the appreciation of the worth of Doctor Hunt.

GOODFELLOWS ABOUT DUE.

It is about time for the Goodfellow Club to lay out its plans for the annual campaign and The Telegraph will call them together soon. Dixon is more fortunate than most localities and there are comparatively few here who need the help of the Goodfellows, but there are enough to make it very necessary that the organization get to work.

Why Not Now?

Retired

By WALT MASON

The man who leads an active life grows weary of the business strife, which long since lost its zest; he yearns to quit the beastly grind, to leave all trafficking behind, and have some ease and rest. "Some day, when I have made my pile," he murmurs, with a longing smile, "I'll sell this blam-ed old store, and put in my declining days at checker games, with other jays, and labor never more." The time arrives, his store he sells then for a month he's wearing bells, a glad some soul is he; but when an idle month is spent you will not find a sadder gent than he, from sea to sea. The time hangs heavy on his hands, and slowly flow the hourglass sands as grease in winter time; each morn he greets with new despair, he finds that leisure is a snare, and idleness a crime. He hangs around the busy mart with weary eyes and aching heart, and envies those who hump; they're finding life serene and glad, as they pursue the festive scad—and he is at the dump. In seven months he ages more than in twice seven years before; the rest that he desired, but makes him wearier by much: "Oh, what a chump," he sighs in Dutch, "I was when I retired!" The wise man never means to quit, while he is competent and fit, and standing on his feet; the rest that come 'twixt sun and sun, when all your workday tasks are done—that rest alone is sweet.

VEST POCKET ESSAYS

By George Fitch.

Author of "At Good Old Siwash."

About the most valuable and difficult art in the world today is that of maintaining neutrality.

Neutrality consists of remaining so sympathetically far-minded between two or more belligerent nations that the said nations will not be inspired to step over and hand the bystanding country a few hearty pokes.

This is somewhat harder than walk-

ing over Niagara Falls on a tight wire but no so hard as balancing on the end of a feather. After a diplomatic corps has maintained neutrality with a few hostile nations yammering on either side and inquiring what it meant by coaling this cruiser and ejecting that one, the members of said corps usually retire to a rest cure for a few months.

When France and England were at war in the first breadth of the last century, the United States maintained neutrality for a few years but finally went to war for relief.

During the Civil War, England maintained neutrality by fitting out Confederate cruisers and ejecting the United States merchant marine from the seas. The United States got \$15,000,000 for this bun and spurious brand of neutrality, but the merchant marine never came back — which made the affair a great bargain for the heavy weight title in 1870.

Neutrality has been a specialty of Switzerland, and it has stood successfully on the side lines for 650 years. This has been easy for it however, because it would take a mighty determined energy to climb up into the 1100th story of Switzerland and bust its neutrality.

Belgium is also great for neutrality. It has fought harder to maintain its neutrality than France did to get-

The United States is strictly a neutral country, full of Germans, Irish, French and Slavs, who are about as neutral when they get together as two black tom-cats on a roof. We will not have much trouble in preserving on unblemished fairness to all the principals in the by-war, but if we can keep our adopted citizens from massacring each other around the bulletin boards, we will be performing a great feat.

PRINCESS THEATRE.
Tonight is the 15th episode of The Million Dollar Mystery will be shown at the Princess. After the narrow escape of Braine and his followers in the 14th episode they remain under cover and their determination to gain possession of the treasure did not waver. While Norton is in town Florence receives a message that "Norton is seriously injured, come to the Queen hotel at once," and as she has Norton's welfare at heart she falls readily into the trap. Meanwhile Braine has attacked Florence's chauffeur and disguised in his clothes he drives up to the mansion to take Florence away. He tauto stops at the water side and Florence and Susan are dragged out and cowering with terror, Susan sees Florence put aboard a motor boat. Susan then notifies Jones and he in turn notifies Norton and as Norton rushes to the river he sees a hydroplane which he hires and catching up with the boat orders Florence to jump and as she does so he helps her into the hydroplane thus saving her life. Meanwhile Jones is having a hard time as two of the conspirators break into the house and demand the hiding place of the treasure and Norton and Florence arrive just in time to save his life and the conspirators are arrested.

SAYS SHERMAN WAS OF BIG AID TO LABOR

Continued from Page 1

"The bill passed the house after a hard fight and was then sent to the senate. It seemed impossible to get the senate to act. I went to Governor Tanner and he called several senators to his office and insisted that some action be taken either to pass the bill or kill it. The bill finally passed the senate with an amendment tacked onto it. I never liked the amendment, but we had to accept it.

Sherman to Rescue.

"Senator Sherman refused to allow senate bills to be advanced on the house calendar until the bill forbidding the importation of strike breakers had been passed by the senate.

"I have always felt very kindly and friendly toward Sherman for his efforts on all labor legislation. He is the man to whom credit should be given for a good many labor laws that are now on our statute books. He was in a position to help and he did it at all times.

not only for this law (the Tanner act) but also for the mining laws of the state. The first distinct revision of the mining laws was made when Sherman was speaker. I introduced the bill and the committee, miners and operators, discussed the provisions

"Speaker Sherman told me that when I took the floor and said this mining bill was correct, as well as any other labor bills, he would give me recognition and do whatever he could to pass the bill."

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous over the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea, eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

BIG REDUCTION IN SOME CABLE RATES

WESTERN UNION TELEGRAPH
CO. ANNOUNCES NEW
SCHEDULE.

The Western Union Telegraph company has expressed its desire to assist in the extension of foreign trade by a big cut in the cable rates. In some instances these reductions amount to 75 cents per word. These reduction will be welcomed by all the exporters who have been doing an export business and by those who are seeking to extend their trade to the British and Danish West Indies, Turks Islands and British Guiana.

Since the commencement of hostilities abroad, which has had the effect of shutting off a great volume of export and import business between the United States and Europe, a determined effort is being made by manufacturers, importers and exporters toward seeking markets in other countries.

Special trade committees and trade organizations have taken the question up in a broad manner with a view of establishing banking facilities and connections, arranging freight rates and transportation, and exploiting the advantage of dealing with the United States.

In line with what has been accomplished, the Western Union Telegraph company announces in a recent circular, a substantial reduction in cable rates to the British and Danish West Indies, Turk's Island and British Guiana.

COMB SAGE TEA IN LIFELESS, GRAY HAIR

Look young! Common garden Sage and Sulphur darkens so naturally nobody can tell

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wreth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wreth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

AMBOY

Amboy, Oct. 14.—Rufus Thorne died suddenly at his home on East Main street Tuesday afternoon about 5 p. m. Mr. Thorne was apparently in good health all day, being engaged in work around the yard and barn as usual. The deceased was a very prominent aged resident of Amboy being one of the early settlers. He is survived by two sons, Lawrence Thorne of Sterling, holding an office in the employ of the C. B. & Q. railroad and Dr. James Thorne of Janesville, Wis., who is a specialist of diseases of the head. Mrs. Thorne preceded him in death just a few months ago. Mr. Thorne was a trusted employe of the Illinois Central railroad company for many years having retired from active work about twenty years ago.

Harold Rosier of Freeport, a nephew of Homer Rosier, of this city, has accepted a position as flagman on the Illinois Central railroad, making Amboy his headquarters.

The canning factory has a large number of girls and women employed. The tomato season is almost over so canning pumpkins will be next in order.

The frame Catholic rectory, which Mr. Dyar purchased and moved to Metcalf street is thoroughly remodeled and makes a very desirable residence.

The Mrs. Frank Campbell residence on Mason street will soon be occupied by Mr. and Mrs. David Brant of Freeport. Mr. Brant is an engineer on the Illinois Central.

A heavy downpour of rain fell on Tuesday night, relieving the anxiety of the farming community, in this vicinity.

Mrs. Hoover who has been seriously ill, is improving.

CHILDREN HATE OIL CALOMEL AND PILLS

"CALIFORNIA SYRUP OF FIGS" IS
BEST FOR TENDER STOMACH,
LIVER AND BOWELS.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach; and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs" which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeiters sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

RUSSIANS PROTECT FOREIGNER'S RIGHTS

EVEN GERMAN NEWSPAPER ADMITS EFFICIENCY OF GOVERNMENT IN THIS.

PEOPLE KEPT IN IGNORANCE

Residents of Petrograd Led to Believe Russian Troops Are Near Berlin.

(Correspondent of Associated Press)
The Hague, Sept. 24.—The situation in Petrograd is treated extensively in a letter appearing in the Berliner Tageblatt of Sept. 23, which reads in part as follows:

"On the whole the government does its best to protect the life and property of the foreigner—even the German. It has in this the support of the military authorities. But now one sees everywhere posters warning against the molestation of foreigners, and which call upon those who may have been mistreated to make prompt reports, promising severe punishment for the offenders. What is more the promises are strictly kept, and persons guilty of excesses against foreigners have been heavily punished.

"In order to minimize the chances for trouble it was thought best that the German firm names make place for inscriptions in Russian, and the Germans were asked to refrain as much as possible from speaking their language in public. But the best measures for the protection of the foreigners undoubtedly was the prohibition of the sale of strong alcoholic beverages. Petrograd today has the appearance of being a city of sober people. While formerly one beheld everywhere the repulsive, and beastly state of intoxication of the hooligan—the mob with whom nobody was safe—today the street scenes of the capital are more inviting.

"The many extra editions of the newspapers speak constantly of the victories of the Russians and French over the Germans, and it is asserted that the former are already near Berlin. Foreign papers are rigorously excluded and since even the wounded are not permitted to come into contact with the public or see even their relatives, there is no difficulty keeping the Russian public under the impression that the Russians are really near Berlin.

Hotels are Empty.
"There are no more tourists and the hotels are empty. In the hotels, moreover, everything has become very dear. A bottle of beer which formerly cost from 20 to 25 kopeks, now costs 40, while a glass costs 25 instead of 13. Food, on the other hand, has become cheaper. The war has absolutely put a stop to exports and prices, therefore, have gone down. Ten fresh eggs, for instance cost 30 kopeks and fine fat geese, which formerly cost 3½ to 4 roubles can now be had for 1.20 roubles. Coke can no longer be had at any price, the small supply on hand having been confiscated by the military. The navy is badly off for coal, its boilers being arranged for English coal and Russian coal, which is not even possible to get in sufficient quantities, cannot be used by the navy without serious injury to the boilers. Most of the factories lack raw materials, especially iron. There is also a serious shortage in medicines and bandages of all sorts, which formerly were imported from Germany.

"Since none of the court ever come to Petrograd one sees but seldom members of the best society, who are mostly in mourning on account of the Russian elite troops having lost many officers in the fighting in East Prussia, the majority of whom belonged to the capital's best circles.

"Only the casualties of the commissioned personnel are published. Those who wish information concerning non-commissioned officers and privates are obliged to make inquiry at the ministry. This method has so far enabled the Russian government to keep the tremendous losses of the army from the multitude. Notwithstanding this depression grows daily, due to the fear that with the rumored defeat of the North Army, Petrograd may become the objective of an attack by either land or water. The rumor that the Austrian army has not been totally annihilated as had been claimed is gaining force, as is also the report that the Russian troops opposing them so far have not been able to participate in the operations designed to crush Germany."

ARC LIGHTS PROVE MOST EFFICIENT

ARE ACCESSIBLE TO IMPROVEMENTS WHICH ADD TO THEIR DESIRABILITY.

The following from a well known electrical journal on the "Advance of the Arc Light" will be of interest to Dixon people inasmuch as the action of the Dixon business men and the city council in selecting arc lights for the boulevard ornamental system in this city will allow for the application of improvements as fast and often as they prove practical.

The rivalry between the high powered series incandescent and the arc lamp for the illumination of streets and large outdoor areas is sure to be intensified in the immediate future by the remarkable progress in the magnetic lamp chronicled elsewhere in this issue. The combined gains in luminous efficiency secured by recent development in electrodes and by the application of the prismatic reflector are so great that even the gas-filled incandescent lamp has been distanced for the time being. When the losses in the lamp transformers are taken into account it is doubtful if the moderate sizes of gas-filled lamp can show much lower consumption than from 0.8 watt to 0.9 watt per mean spherical cp, while the new 5-amp luminous arc lamp equipped with the high-efficiency electrode consumes only 0.61 watt per mean spherical cp. Against this advantage must be set the cost of the personal attention each arc lamp demands. The arc lamp still consumes a sufficiently high wattage per lamp to preserve a considerable gap between itself and the sizes of series incandescent lamps ordinarily found in street lighting service, but further improvements are pretty certain to come in time and the central station manager or municipal official who thinks that the knell of the arc lamp was sounded by the advent of the gas-filled unit should lose no time in revising his views. The application of these improved lamps will furnish the industry with a large number of valuable data bearing upon desirable spacings, installation costs per mile and energy expenditure for specific illumination results on the street.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."

—Miss AMELIA JAQUILLARD, 3961 Tchoupitoulas St., New Orleans, La.

St. Clair, Pa.—"My mother was alarmed because I was troubled with suppression and had pains in my back and side, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked like a charm in my case and has regulated me. I worked in a mill among hundreds of girls and have recommended your medicine to many of them."

—Miss ESTELLA MAGUIRE, 110 Thwing St., St. Clair, Pa.

There is nothing that teaches more than experience. Therefore, such letters from girls who have suffered and were restored to health by Lydia E. Pinkham's Vegetable Compound should be a lesson to others. The same remedy is within reach of all.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

BYERS GIRLS RELEASED BY JUDGE PETIT

(Continued from page 1)

Bail Furnished

Immediately after the court order that the two women should be released under bonds of that amount the attorneys for the defense arranged with Joseph Schmidt and Emil Bernstein, Chicago bondsmen, to go their security, and shortly after 6 o'clock last evening the two women who have been confined in the Whiteside county jail since the evening of the slaying walked out of the court room in Chicago, free from the surveillance of any officer of the law. Their bonds are returnable to the Whiteside county circuit court Nov. 4.

Four Witnesses.

The defense examined but four witnesses: Frank Ward and Chester Conroy of Sterling, and Mrs. Gray and her daughter Lillian of Amböy. Mrs. Gray is a sister of the murdered man.

The first two witnesses were members of the coroner's jury, while Mrs. Gray testified that at numerous times her brother Emmanuel had threatened his sisters and had bullied his parents.

Startling Statement.

Mrs. Gray's little daughter, Lillian, a child, offered testimony which was the most startling development since the afternoon of the tragedy. The little girl swore Wednesday in Judge Petit's court that on the afternoon of the shooting she was in the apple orchard northeast of the hay field in which Emmanuel Byers came to his death and that she witnessed the shooting.

"Emma Fired Shots."

"Aunt Emma fired all the shots," declared the little girl; and she maintained also that Mrs. Hutton had fired in self-defense.

The little girl's testimony is at direct variance with that of Merle Byers and Samuel Weschler, two boys who were assisting the slain man in the hay field, and who have testified Mrs. Hutton fired two shots and then handed the weapon to her sister Lillian, who in turn fired twice.

State Offered Nothing.

The prosecution offered no evidence at the hearing before Judge Petit, and the evidence of the defense indicating self-defense was of such character as to show manslaughter, which is bailable, and accordingly Judge Petit granted the prayer of the petitioners and granted the bail.

CARRANZA QUILTS, IS VILLA REPORT

Villareal, Not Real Villa, Provisional President.

IT IS VICTORY FOR EX-BANDIT

Agents of Latter at Washington Say Former Supreme Chief Offered Resignation at Aguas Calientes and It Was Accepted—U. S. May Curb Arizona Activity on Border.

Washington, Oct. 15.—The resignation of General Venustiano Carranza as first chief of the constitutionalists and provisional president of Mexico was laid before the Aguas Calientes peace conference at 3 o'clock in the afternoon and promptly accepted by that body.

This is the substance of a dispatch which agents of General Villa asserted had been received from northern Mexico.

Villareal Is President.

According to the Villa agency statement Antonio Villareal was immediately nominated for the provisional presidency. It is said no serious opposition had developed against it at the time the message to Washington was sent. Villareal was mentioned most favorably in Tuesday's dispatches to the state department as a probable choice for the presidency. He now holds the post of military governor of Nuevo Leon and was chosen permanent chairman of the meeting at Aguas Calientes. Villa adherents have announced that Villareal is to them an acceptable man for the provisional presidency. In a statement made by the Villa agency regarding the nomination of Villareal, it was declared that his nomination and certain election to the provisional presidency is a complete victory for Villa and his supporters.

It was also declared that the proposal for a commission form of government to hold office until the elections could be held was considered by the conference and abandoned.

May Curb Arizona Activities.

Washington, Oct. 15.—The federal government is prepared to take any action that may be necessary to prevent the jeopardizing of peace between the United States and Mexico by the interference of Arizona state troops in the patrol of the Arizona-Mexico border by forces of the United States.

This is evident coincident with the publication of correspondence between Secretary of War Garrison and Governor Hunt of Arizona in response to the latter's announcement of an intention to dispatch Arizona militia to the Mexican border if the federal troops did not put an end to the firing across the line at Naco and Douglas. The president is determined there shall be no war with Mexico brought on through the natural though troublesome impatience of Arizona officials over a vexatious situation.

Should the governor persist in his plan the federal government will promptly take a hand. One of the means suggested for preventing the Arizona militia from participating in the trouble on the border is for the president to call the Arizona militia into the service of the United States.

JAIL BREAKERS RECAPTURED

It Is Thought Saws Were Smuggled in in Candy.

Kankakee, Ill., Oct. 15.—Sheriff D. G. Lee and his aids recaptured four of the prisoners that escaped from the Kankakee jail Tuesday night. Another man, caught in Chicago on a Big Four train, is thought to be George Laughran, the leader of the band. Deputy Sheriff W. J. Reilly, after an all night search in the railroad yards at Mokena, Ill., found John Kelly and George Rickard, two of the fugitives, in a Chicago, Indiana & Southern railway box car. Eugene Ward, another prisoner, was caught at Mokena, Ill., trying to board a freight train for Chicago. W. E. Norton, the fourth fugitive retaken, called up Sheriff Lee from Bourbonnais, Ill., and asked that he send a deputy over to get him. He had been hurt by being thrown off a train. Among the men still at large is Charles Carney, implicated in the robbery of Nellie Clark of \$20,000 worth of diamonds.

Sheriff Lee has no direct evidence against the person who handed the saws to the prisoners, but says circumstances indicate the wife of George Laughran, one of the prisoners. It is thought the saws were smuggled in in home made candy.

Disciples Condemn War.

Atlanta, Ga., Oct. 15.—Resolutions condemning the European war and commending President Wilson for his efforts to restore peace in Mexico and for maintaining the neutrality of the United States in the European conflict were adopted at the closing business session of the general convention of the Disciples of Christ.

DOES BACKACHE WORRY YOU

SOME DIXON PEOPLE HAVE LEARNED HOW TO GET RELIEF.

How many people suffer from an aching back?

How few know the cause?

If it hurts to stoop or lift—

If you suffer sudden, darting pains—

If you are weak, lame and tired, Suspect your kidneys.

Watch for nature's signal.

The first sign may be a headache or dizziness,

Scanty, painful or too frequent urination,

Nervousness or a constant, dead-tired feeling.

Avert the serious kidney diseases. Treat the weakened kidneys with Doan's Kidney Pills.

A remedy especially for sick kidneys.

Endorsed in Dixon by your friends and neighbors.

N. W. Beal, 620 College Ave., Dixon, says: "For a long time I had kidney trouble and it showed itself in various ways. I had rheumatic twinges, my back was stiff and lame and after bending over, I could hardly straighten. When I was suffering intensely, I began using Doan's Kidney Pills, which I got at Leake Bros' Drug store. They gave me wonderful relief in a short time and I still use them, keeping my kidneys in good shape. All I said in praise of Doan's Kidney Pills some years ago holds good and I am glad to confirm that statement."

Mr. Beal is only one of many Dixon people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you—don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Beal had—the remedy backed by home testimony. 50c at all stores. GERMANS SAY "LIES."

French officially reported success

not lost ground at any point. Bel-
lin also says there has been heavy
fighting east of Soissons and that
Emperor William's headquarters
have been moved further into
France.

FIGHT ON BLACK SEA.

It is believed that the cruisers
Goeben and Breslau which were sold
by the Germans to Turkey are en-
gaging the Russian fleet in the Black
Sea, where heavy firing has been
heard.

The defeat of the Russians with a
loss of 1,500 prisoners near Schir-

DREADNOUGHT BURNED.

A Rome telegram says a fire in

Royal Neighbors Meeting.

The Royal Neighbors of the Thir-
teenth district of Illinois held their
annual convention today at the New
Armory Hall.

The morning session opened at
10:30 and was open to the general
public. An address of welcome was
given by Mrs. Mollie Senneff, Oracle
of the Dixon lodge. Mrs. Alice Gill-
land of Springfield, Ill., a member of
the Supreme Board of Managers at
Rock Island, also gave a very inter-
esting address during the meeting.

The afternoon session convened at
1:30 and was for the Royal Neigh-
bors only. A short program was
given and the school of instruction
was held. The work was put on by
the local lodge and was beautiful in
every detail. Supper and dinner
were served in the Y. M. C. A.

The evening session opened at
7:30 and was an adjourned meeting
of the local camp of Royal Neigh-
bors. A class of almost a hundred
were taken into the lodge, the work
being exemplified by the local de-
gree staff.

In all the Royal Neighbors report
this convention as one of the most
successful that has been held dur-
ing the life of the lodge and they
hope to make it even better next
year. Great interest was shown
throughout the meetings.

Palmyra Mutual Aid Society.

The Palmyra Mutual Aid society
held a very pleasant all day meeting
yesterday at the home of Mrs. Glenn
Swarts of Palmyra. There were 20
ladies present to enjoy the day. The
morning was spent in sewing various
articles and the ladies have formu-
lated a beautiful plan to send a large
box to the Christmas Ship which
will sail to Europe to relieve the
needy ones there during the holi-
days.

At noon a delicious scramble din-
ner was served in a dining room
prettily decorated in pink and white
dahlias. After the dinner hour a
business meeting was held and was
followed by a few social hours after
which the members departed for
their homes.

Cox-Huffman.

A pretty wedding, simple and im-
pressive was solemnized yesterday
afternoon at the Methodist church at
Oregon when Rev. Barry united the
lives of Miss Grace Cox and Mr.
Quillian Huffman, both of Oregon
township. The young couple were
attended by Mr. and Mrs. George
Huffman, also of Oregon. The ser-
vices were read at 3 o'clock and fol-
lowing the felicitations a reception
was held at the home of the groom's
parents, Mr. and Mrs. Jewett Huf-
man. Only the immediate relatives
and friends were present.

The bride was charmingly gowned
in blue silk, prettily draped with
cream lace. She carried a shower
bouquet of bride's roses.

After the reception Mr. and Mrs.
Huffman left for a short wedding
tour and after the first of November
will be at home to their friends at
1044 Highland avenue, this city.

Mr. and Mrs. Harry Huffman of
this city were present, the former
being a brother of the groom. Both
the bride and the groom are well
known here and have the best wishes
of their friends for a long and happy
life.

istic meeting. All members are
urged to be present.

ty will hold their regular meeting
